🚨 Security Alarm Technician 🚨

Type: Full-Time
Salary: $20 – $33/hour (based on experience, with prevailing wage opportunities)

Protect What Matters. Build a Career That Matters.

At **Technical Systems Group Inc. (TSG)**, we don't just install security systems—we protect people, businesses, and communities. We're looking for skilled technicians who want more than a job. If you enjoy solving problems, working with your hands, and seeing the real-world results of your skills, this could be the career move you've been waiting for.

Why You'll Love This Role

- 💰 **Competitive Pay:** $20 – $33/hour + prevailing wage opportunities

- 📈 **Growth & Training** — ongoing certifications and professional development

- 🔧 **Variety Every Day** — no two projects are the same; you'll work across different sites and technologies

- 🤝 **Supportive Team** — a workplace where your skills are valued and your voice is heard

- 🚗 **On-the-Go Work** — get out of the office and into real, hands-on technical projects

💡 **Note:** *The posted salary range reflects the broad spectrum of expertise and experience levels applicable to this role. Compensation will be determined based on the candidate's qualifications, skills, and relevant experience.*

What You'll Do

- Maintain and repair fire and security systems

- Troubleshoot issues quickly and effectively

- Install control panels, sensors, cameras, and wiring

- Test and inspect systems to meet safety standards

- Work with customers and teammates to deliver projects you're proud of

---

What You'll Bring

- 3+ years of experience in security or fire systems (preferred)

- Certifications in Bosch, LenelS2, or similar (preferred)

- OSHA 10 Certification (or willingness to obtain)

- Valid NY driver's license with good record

- Pride in your craft, problem-solving skills, and a focus on customer service

---

Next Steps

If you want a career where **your skills protect lives every day**, we'd love to hear from you.
